As such, upon Completion, the aforesaid transactions will constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

On 25 April 2018 (after trading hours), the Company and CWSI entered into the Master Services Agreement in relation to the provision of the Brokerage Services, the Margin Financing and the Corporate Finance Services by CWSI to the Group on an ongoing and non-exclusive basis.

Principal Terms of the Master Services Agreement

The principal terms of the Master Services Agreement are as follows:

Date

25 April 2018 (after trading hours)

Parties

- (1) The Company (contracting for the Group); and
- (2) CWSI, an indirect wholly-owned subsidiary of CSPT.

Provision of Services

Pursuant to the Master Services Agreement, CWSI will provide (i) the Brokerage Services; (ii) the Margin Financing; and (iii) the Corporate Finance Services to the Group during the term of the Master Services Agreement. The provision of the above services shall be subject to the terms and conditions of the standard client agreement of CWSI from time to time. In return, the Group will pay (i) brokerage fees and other administration fees (the “**Brokerage Fees**”); (ii) interests on the Margin Financing; and (iii) service fees for the Corporate Finance Services (the “**Service Fees**”) to CWSI, respectively.

Term

From the date of the Master Services Agreement until 31 December 2020.

Price Determination

The Brokerage Fees shall be determined after arm’s length negotiations between the parties based on the trading volume of the Brokerage Services, the prevailing commission and fees charged by other independent brokers and securities companies for similar brokerage services and the fees charged by CWSI on independent clients for the same brokerage services.

In respect of the Margin Financing, the interest rate offered by CWSI shall be determined after arm's length negotiations between the parties and on normal commercial terms having taken into account the prevailing market interest rate in Hong Kong, the interest rates offered by CWSI to independent clients for comparable engagement and the historical amount of margin financing advanced to Golden Horse by CWSI since December 2015.

In respect of the Corporate Finance Services, the Service Fees (including but not limited to commission and fees for acting as placing agent or underwriter for the securities of the Company, if any) shall be determined after arm's length negotiations between the parties and on normal commercial terms based on prevailing service fees for similar services in the market, the fees charged by CWSI on independent clients for similar services and the historical service fees (including placing commission) charged by CWSI on the Group since December 2015.

Proposed Annual Caps

The proposed annual caps for (i) the Brokerage Fees, (ii) the maximum outstanding amount of the Margin Financing; (iii) the maximum interest amount of the Margin Financing; and (iv) the Service Fees for each of the period/years ending 31 December 2020 are as follows:

	From 1 June 2018 ^(Note) to 31 December 2018 HKD	For the year ending 31 December 2019 HKD	For the year ending 31 December 2020 HKD
Brokerage Fees	3,000,000	5,000,000	5,000,000
Maximum outstanding amount of the Margin Financing	100,000,000	100,000,000	100,000,000
Maximum interest amount of the Margin Financing	6,100,000	10,300,000	10,300,000
Service Fees	11,800,000	20,000,000	20,000,000

Note: The expected date of granting approval of the Master Services Agreement by the Independent Shareholders.

The above proposed annual caps have been determined after arm's length negotiations between the parties, taking into account the following factors:

(i) *Brokerage Fees*

The annual cap of Brokerage Fees is determined having taken into account (a) the historical maximum amount of the Brokerage Fees of approximately HKD570,000 paid by Golden Horse to CWSI during the financial year ending 31 December 2018; and (b) the anticipated future need for trading of securities by the Group in its business of securities trading and investment.

(ii) *Margin Financing*

The annual cap for the maximum outstanding amount of the Margin Financing is determined having taken into account the following factors:

- (a) The percentage of the market value of the collaterals maintained in the securities account of Golden Horse with CWSI (the "**Margin Ratio**"), as may be determined by CWSI from time to time, based on the quality of such collaterals. Depending on the quality of different collaterals maintained by Golden Horse with CWSI, the Margin Ratio has been ranging from around 30% to 85% in general. As at 30 January 2018, the maximum market value of listed securities maintained in the securities account of Golden Horse with CWSI was approximately HKD1.3 billion, and the corresponding maximum margin value available to Golden Horse was approximately HKD482 million;
- (b) The maximum amount of margin financing of approximately HKD58.8 million as at 30 January 2018 applied by Golden Horse;
- (c) The Group's perception on the securities market and its investment strategies; and
- (d) A buffer to allow higher flexibility for the Group to conduct investment and trading activities in the future.

The annual cap for the maximum amount of interest of the Margin Financing is determined based on the current interest rate offered to Golden Horse by CWSI.

(iii) Service Fees

The annual cap for the Service Fees is determined having taken into account (a) the total amount of placing commission of approximately HKD11.6 million paid to CWSI, which acted as the placing agent in the placing of 400,000,000 Shares and 427,000,000 Shares respectively conducted by the Company in the financial year ended 31 December 2017; and (b) the need for relevant corporate finance services from CWSI in relation to the possible fundraising activities of the Group in the future, such as acting as placing agent or underwriter for the securities of the Company.

Reasons for and Benefits of the Master Services Agreement

The Directors (excluding (i) Mr. Chen and Mr. Yu who have abstained from voting at the Board meeting; and (ii) the independent non-executive Directors who will express their view after receiving advice from the independent financial adviser) consider that the entering into of the Master Services Agreement and the subsequent provision of the Brokerage Services, the Margin Financing and the Corporate Finance Services may assist the Group to develop its business of securities trading and investment and obtain financing to further develop its businesses. Furthermore, the terms of the Master Services Agreement have been determined after arm's length negotiation between the parties, pursuant to which (i) the Brokerage Fees shall be based on, among others, the trading volume of the Brokerage Services, the prevailing commission and fees charged by other independent brokers and securities companies for similar brokerage services, and the fees charged by CWSI on independent clients for the same brokerage services; (ii) the interest rate in connection with the Margin Financing shall be determined based on normal commercial terms having taken into account, among others, the prevailing market interest rate in Hong Kong and the interest rates offered by CWSI to independent clients for comparable engagement; (iii) the Service Fees shall be determined based on normal commercial terms based on, among others, prevailing service fees for similar services in the market, the fees charged by CWSI on independent clients for similar services; and (iv) the provision of the services under the Master Services Agreement shall be subject to the terms and conditions of the standard client agreements of CWSI from time to time.

Accordingly, the Directors (excluding (i) Mr. Chen and Mr. Yu who have abstained from voting at the Board meeting and; (ii) the independent non-executive Directors who will express their view after receiving advice from the independent financial adviser) are of the view that the terms of the Master Services Agreement (including the relevant proposed annual caps) are fair and reasonable and are normal commercial terms, and that the entering into of the Master Services Agreement is in the ordinary and usual course of business of the Group and is in the interest of the Company and the Shareholders as a whole.

Proposed Annual Caps

Under the Loan Agreement, the proposed annual caps for the maximum principal amount outstanding and the maximum interest amount in relation to the Loan for each of the period from the expected drawdown date upon fulfillment of the conditions precedent to 31 December 2018 and the two years ending 31 December 2020 are as follows:

	From 1 June 2018 ^(Note) to 31 December 2018 HKD	For the year ending 31 December 2019 HKD	For the year ending 31 December 2020 HKD
Maximum principal amount outstanding	270,000,000	270,000,000	270,000,000
Maximum interest amount	12,700,000	21,600,000	21,600,000
Proposed annual caps	282,700,000	291,600,000	291,600,000

Note: The expected drawdown date upon fulfillment of the conditions precedent set forth above.

The proposed annual caps were determined with reference to the following factors:

- (i) The historical transaction amounts of the Loan provided to CSPT by Globally Finance since September 2017. No loan had been granted to CSPT by Globally Finance prior to the entering into of the Original Loan Agreement on 7 September 2017. For the year ended 31 December 2017, the maximum principal amount outstanding was HKD150,000,000 and the maximum interest amount was HKD2,695,000; and

- (ii) The aggregate principal amount outstanding under the Loan to be granted by Globally Finance to CSPT and the annual interest payable under the Loan Agreement, based on the assumption that CSPT will borrow up to HKD270,000,000 for each of the above periods respectively. Pursuant to the Loan Agreement, it was agreed that CSPT shall pay interest on the aggregate principal amount outstanding under the Loan from time to time at the interest rate of 8% per annum.

Reasons for and Benefits of the Loan Agreement

As the Loan has been generating interest income to Globally Finance, the Company believes it as a good opportunity to obtain higher returns in terms of interest income for the Group by increasing the amount of the Loan Facility to up to HKD270,000,000. Having considered that (i) the grant of the Loan Facility to CSPT is in line with the ordinary and usual course of business of Globally Finance and is on normal commercial terms; and (ii) the interest rate under the Loan Agreement is relatively attractive as it is much higher than the interest rate for six-month fixed deposit in the banks in Hong Kong, the Company further believes that the advance of the Loan to CSPT represents an investment opportunity which is beneficial to the Company.

The terms of the Loan Agreement, including the interest rate and the proposed annual caps under the Loan Agreement, were agreed by the parties after arm's length negotiations having taken into account the prevailing range of market interest rates and practices, the financial position and prospects of CSPT Group and the credit policy of Globally Finance.

The risk in associated with the grant of the Loan Facility to CSPT is the potential default of repayment by CSPT. The Group has adopted or will adopt the following internal control measures (the “**Internal Control Measures**”) to protect the interests of the Group and the Shareholders:

- (a) Reviewing the past credit records, backgrounds and assets records of CSPT in accordance with the credit policy of Globally Finance;

- (b) The financial controller of the Group (the “**Financial Controller**”) regularly monitors the liquidity status of the Group and ensures that the Group has sufficient cash flow for its operation. When a notice of drawing from CSPT at each tranche is received, the Financial Controller assesses the cash position of the Group in advance before allowing drawdown by CSPT;
- (c) The designated staff of the accounting department of the Group will closely monitor the outstanding loan balances under the Loan Agreement and report the status to the Financial Controller on bi-weekly basis to ensure that the outstanding loan balances will not exceed the proposed annual caps; and
- (d) The Financial Controller will report to the Directors (including the independent non-executive Directors) on half-yearly basis in relation to the status of the transaction contemplated under the Loan Agreement, including outstanding loan balances, interests and any event of default.

In evaluating the risks in associated with the grant of the Loan Facility to CSPT, the Directors have also considered the factors below:

- (a) Based on the annual report of CSPT for the financial year ended 31 March 2017 and the interim report of CSPT for the six months ended 30 September 2017, the net assets value of CSPT Group was able to cover the maximum principal amount and maximum interest amount of the Loan;
- (b) Based on the annual report of CSPT for the financial year ended 31 March 2017 and the interim report of CSPT for the six months ended 30 September 2017, CSPT Group will have sufficient sources of income to repay the Loan; and
- (c) To the best of the Directors’ knowledge and information, the Directors are not aware of any material default by CSPT in loan repayment in the past.

In view of the above factors and the Internal Control Measures, the Directors (excluding (i) Mr. Chen and Mr. Yu who have abstained from voting at the Board meeting; and (ii) the independent non-executive Directors who will express their view after receiving advice from the independent financial adviser) consider that (a) the Loan Agreement (including the proposed annual caps) was entered into on normal commercial terms; (b) the terms of the Loan Agreement (including the principal amount, the interest rate and the proposed annual caps) are fair and reasonable; (c) the risks in associated with the grant of the Loan Facility to CSPT is relatively low; and (d) having taken into account of the stream of interest income expected to be derived from the Loan, the Loan Agreement is in the interests of the Company and the Shareholders as a whole.
